...

A collection featuring the Balbuena family, who live in Moratalaz and have all the time in the world to travel through a black hole which appears right there. Their adventures begin as most things begin: just another ordinary day.

**LA AVENTURA DE LOS BALBUENA: OBJETIVO LA LUNA**  
 (The adventure of the Balbuenas on the way to the moon)

The Balbuenas and their neighbours are about to embark on their most exciting adventure to date: a trip on board a space ship. And it's not just any old space ship. It's the most famous of all time: the lunar module, Eagle. Part of the Apollo 11 mission. The year is 1969, and the destination is the moon!
